| EDUCATION | 2013 Ph.D., Physics, University of California, Berkeley Thesis Title: Quantum Monte Carlo Simulations of Trapped Cold Atoms Advisor: K. Birgitta Whaley 2006 M.A., Physics, University of California, Berkeley 2004 B.S., Physics, Massachusetts Institute of Technology | |
| GRANTS (\$5.24M) | 2024 Collaborative Research: Evaluating Access: How a Multi-Institutional Network Promotes Equity and Cultural Change through Expanding Student Voice. \$889,305 , 3 years, PI. (NSF awards 2309307, 2309308, 2309309, 2309310, and 2309311). 2023 Collaborative Research: Characterizing the emerging field of departmental change and empowering an inclusive network of practitioners. \$395,564 , 2 years, Co-PI. (NSF awards 2315405, 2315406, and 2315407). 2022 Workshop: Exploring Academic Unit Change at Two-Year Colleges. \$211,261 , 1.5 years, Co-PI. (NSF award 2230271). 2021 Collaborative Research: Access Expansion: Growing a Network of Equity-Focused Programs in the Physical Sciences. \$385,802 , 3 years, PI. (NSF awards 2011895, 2011972, 2011953, 2011877, 2011892, and 2011780). 2020 Enabling Department Transformation through the Departmental Action Leadership Institute. \$106,196 , 2 years, PI. (American Physical Society Innovation Fund). 2020 Understanding the Impacts of Departmental Action Teams on Sustainable Departmental Culture Change and on Undergraduate Student Experiences, Success, and Outcomes. \$299,986 , 2 years, PI. (NSF award 2021110). 2018 Expanding Access: Furthering a Network of Diversity-Focused Programs in the Physical Sciences. \$400,367 (\$27,686 as a supplement), 3 years, PI. (NSF awards 1806516, 1806709, 1806668, 1806566, and 1806585). 2017 What Do Physicists From Majority Groups Know and Believe about Race and Gender? \$299,209 , 3 years, Former co-PI. (NSF award 1712436). 2016 Departmental Action Teams: Sustaining Improvements in Undergraduate STEM Education Through Faculty Engagement. \$1,919,515 , 4 years, PI. (NSF award 1626565). 2015 The Access Network: Supporting Retention and Representation in Physics Through an Alliance of Campus-Based Diversity Programs. \$330,000 , 3 years, PI. (NSF awards 1506129, 1506190, and 1506235). | |

AWARDS AND
FELLOWSHIPS

- 2017** Notable Paper Award, 2016 Physics Education Research Conference Proceedings (awarded to 4 out of 98 peer-reviewed papers)
- 2013** Student Service Award, UC Berkeley Physics Department
- 2012** APS Award for Improving Undergraduate Physics Education (awarded to the Compass Project, which I co-founded)
- 2007** Outstanding Graduate Student Instructor, UC Berkeley Physics Department
- 2006** UC Berkeley's Everyday Heroes
- 2004** Graduate Opportunity Program Fellowship, UC Berkeley

TEACHING
EXPERIENCE

Course Instructor, UC Berkeley

- 2012** Introduction to Modeling, Fall semester
Co-designed and taught a course in which students learned about the role of modeling in science and developed physical models in the context of the ray model of light and their own final project of choice. Students also performed weekly self-evaluations to improve their abilities as students and researchers by honing skills such as persistence, scepticism, and collaboration.
- 2011** Introduction to Modeling, Fall semester
See above.
- 2007** Conceptual Physics, Compass Project Summer Program, Aug 6–17
Co-designed and taught a course that focused on building models, conducting experiments, and analyzing real-world data to understand earthquakes and the Earth’s interior.

Teaching Workshop Leader, UC Berkeley

2012 Compass Teacher Training Workshop, Summer
Ran a series of weekly workshops to introduce instructors to the Compass Project's teaching philosophy and methods and to help them design the curricula for the courses they were teaching.

2011 Facilitating Discussions in STEM, Aug 9
As part of the Teaching Conference for Graduate Student Instructors, ran a workshop to familiarize first-time GSIs with the importance of active learning and with techniques that they could implement in their classrooms.

UNIVERSITY &
PROFESSIONAL
SERVICE

Physics Education Research Leadership Organizing Council, AAPT, 2016–2019
Elected council member, chair of the Physics Education Research Conference (PERC) Organizing Committee.

The Access Network, 2014–present

Co-founder and co-organizer. Access is a national network of student-driven equity programs in the physical sciences inspired by the Berkeley Compass Project.

The Berkeley Compass Project, 2007–2013

Co-founder, co-coordinator, teacher, and mentor. Compass is a student-run program that supports diversity and community in the physical sciences. Responsibilities included: coordinating summer program in 2008 and 2009, hiring summer program teachers, reading applications for incoming students, organizing leadership retreats, fundraising, and formalizing Compass's consensus-based decision making model and leadership structure.
